Faenor Community council considered the above application at their monthly meeting earlier this week.

The council would like to make the following objections to the application.

- 1 Drainage of the land has been seriously compromised by the building up of the surrounding area adjacent to the property.
2. The application is detrimental to the supply of 'starter homes' in the area
3. There is a proliferation of HMO's in the area which is detrimental.

Faenor CC clerk has tried to respond via the planning portal , but this doesn't seem possible as it will not accept saved login details Please advise how this can be fixed?
Thank you

Jim Griffiths, Clerk to the community council
