Electricity Act 1989: Overhead Lines (Exemption) (England and Wales) Regulations
2009

It is proposed to undertake the following work that is considered to be exempted from
the Electricity Act 1989 by falling within the Overhead Lines (Exemption) (England
and Wales) Regulations 2009:

SP Energy Networks proposes to replace an existing wooden pole overhead line
within the same field, to the north to avoid a building under construction. The
proposed overhead line is shown coloured red on the attached plan no. E90136: the
line to be removed is shown coloured green. The area comprises of sloping hillside
with buildings, hedgerows and hedgerow trees which should help to mitigate the
visual impact of the structure.

It is our interpretation that The Overhead Lines (Exemption) (England and Wales)
Regulations 2009, paragraph 5 (3) is applicable in this situation.

The Authority is requested to indicate that it has no objection to the work being
carried out by returning two copies of this Form with the Certificate completed and
signed.

Yours faithfully
